RIPLEY IS ACQUITTED.

Jury Says He Was Not in the Plot to Kill Goebel.

TOOK TWO BALLOTS.

In the First Two Voted for Conviction and Then for the Verdict Rendered—Friends Congratulate Captain Ripley.

Frankfort, April 20.—The jury in the case of Captain Garnett D. Ripley, who was charged with being in the conspiracy that resulted in the assassination of William Goebel returned a verdict of not guilty.

The jury which acquitted Ripley was composed of Democrats as follows: J. A. McEwan, furniture merchant and W. A. Moore, Jeff Miner, W. D. McChesney, O. W. McQueen, W. A. Crutcher, R. H. Stockton, A. W. Leitch, Ira Armstrong, John Palsgrove, John Glass and John Currens, farmers.

The defendant was immediately surrounded by friends who congratulated him.

Although the jury was out two hours most of the time was taken up discussing the case in the jury room. Only two ballots were taken. On the first ballot 10 jurors voted not guilty and 2 voted guilty. Those who voted guilty said they believed the evidence showed him connected with conspiracy, but when they learned that either a life imprisonment sentence or death penalty must be imposed, and that a shorter sentence would not be imposed, they came over and voted with the majority for acquittal.

Captain Ripley is the fourth alleged Goebel suspect to be tried.

The matter of requisition for the return of ex-Governor W. S. Taylor from Indiana for trial is again the theme of popular speculation, but the commonwealth's attorney refuses to discuss it.

Work on Confederate Hall.
Memphis, April 20.—Work on Confederate hall is in rapid progress of erection. Already the foundations and floors have been laid and the raising of the immense arches which are to form the huge skeleton for the lofty dome of the building has been accomplished. The floor space will afford the largest dancing platform in the entire south. The attendance of Confederates the Daughters of the Confederacy and the Sons of Veterans at the reunion will eclipse any former meeting.

Millionaire Merchant Dead.
New York, April 20.—Joel Goldenburg of the Goldenburg Bros. Co., lace importers of this city, dropped dead from heart failure while waiting for a Grant street car. Mr. Goldenburg lived at the Hotel Netherlands and was worth \$2,000,000. He had no immediate relatives and it is understood that he left a will giving the bulk of his estate to charity.

Train Captured and Released.
East London, Cape Colony, April 20.—A train loaded with cattle and coal was captured by the Boers near Molton, Cape Colony. The forward locomotive escaped and ran to Stormberg and returned with troops who found the train on fire. A couple of natives were killed. The train hands were stripped and then released.

Sickness on the Grant.
San Francisco, April 20.—There were only two deaths on the transport Grant. Those who died were Fred S. Orritt, private in the Fourteenth infantry and Walter Hobbs, private in the Twenty-ninth infantry. Several of the 129 convalescents aboard are seriously ill with pneumonia. There are also six military prisoners aboard.

Reward for Willie McCormick.
New York, April 20.—Rev. James Mullen, pastor of the Roman Catholic church of the Sacred Heart where the McCormick family attended, offered an additional reward for the return of Willie McCormick and the arrest of his kidnappers. Father Mullen's offer now brings the total reward up to \$10,000.

Jenkins Governor of Oklahoma.
Washington, April 20.—The president has appointed William M. Jenkins of Oklahoma Territory governor of that territory, and James W. Reynolds of New Mexico to be secretary of the territory of New Mexico.

Wages Increased.
Parsons, Kas., April 20.—Officials of the Missouri, Kansas and Texas railroad held a meeting here. They announced a voluntary increase in the shop men's wages from 27 to 31 cents an hour. The hours of employment are also increased from 8 to 10.

Struck by a Train.
Palmer, Tex., April 20.—As J. B. Shofner and his son were crossing the railroad just north of town they were struck by a passenger train and both being badly hurt. Mr. Shofner's team was killed.

AN UNUSUAL STORM.

It Plays Havoc in Ohio and Kentucky and Extends to the Atlantic.

Cleveland, O., April 20.—Northern Ohio has been swept by a fierce storm of wind and snow that prostrated the telegraph and telephone wires in all directions. The wind came from the north and early this morning reached a velocity of 55 miles an hour. All telegraph communication severed between Cleveland and points east and south. Few wires, patched up, are working to the west, but even those are reported to be working badly.

In one respect the storm was the worst experienced during the season. The heavy, wet snow came down in blinding sheets and the streets were covered with slush almost ankle deep. Traffic on many street car lines was delayed. Telephone and telegraph poles were blown across the tracks and the trolley wires were badly tangled up. Police and fire alarm wires were also carried down and some sections of the city cut off from communication with the fire and police signal exchanges.

Out of more than 100 wires connecting Cleveland with Buffalo not one was in working order during the early hours. The conditions between Cleveland and Pittsburgh are equally as bad. Telegraph and telephone officials declared the storm the most destructive experienced in a long time. Long distance telephone lines are reported down in every direction there being no communication with any outside point.

Electric lighting companies were forced to shut off their current in some parts of the city owing to the general mixup of the wires. Notwithstanding this precaution, a number of persons received severe shocks and several horses were killed. Traffic on all steam roads entering the city was delayed.

Lake Erie was lashed into wild fury by the storm. Enormous waves dashed over the harbor breakwater and sending up a spray about 100 feet. A crib 200 feet long and 25 wide, was torn from its place and driven ashore.

Information from the surrounding country districts indicate that the storm was of unusual violence and wrought much damage. In many places snow was reported a foot deep on the level.

Great Snow in Kentucky.
London, Ky., April 20.—For 24 hours snow has fallen over eastern Kentucky and has reached a depth of 14 inches. Mountain streams are all full to the banks and the people living upon them are moving out for when the snow goes off the flood will sweep everything near the waters. Suffering is being endured by those moving out. Old citizens never witnessed such before. Great damage has already been done to timber.

The East Cut Off.
Chicago, April 20.—Telegraphic communication with all points east of Cleveland were cut off early this morning by the storm which extended from Canada to Tennessee, and east to the Atlantic coast. Heavy, wet snow, driven by a gale, played havoc with wires and poles and the Western Union and Postal companies report a complete suspension of business to the seaboard.

PRISONERS ESCAPE.

They Knock the Jailer in the Head and Secured His Gun.

Cheyenne, April 20.—Orlo McSwain and James McMahon, charged with murder and Ed Martin and Albert Propst, charged with assault and robbery, participated in a daring jail delivery at Rawlins Friday night by sawing their way out of the county jail after having assaulted the jailer, locked him in a cell and secured his gun. The officer was knocked down by one of the prisoners who used a chunk of coal tied in the end of a stocking. Reaching the outside of the jail the four criminals separated, two going east and two west. It is thought they got away on the Union Pacific trains. The delivery was quickly reported and a posse was sent in pursuit. The escaped prisoners will suffer from cold unless they are captured within a few hours, as they have neither coats nor hats and are without shoes.

CAPERS APPOINTED.

Republican Displaced to Make Room for a Democratic Attorney.

Washington, April 15.—The president has made the following appointments: John G. Capers, United States attorney for the district of South Carolina. Edgar Russell, signal officer of volunteers with the rank of major.

Surgeons of volunteers with the rank of major—Abram L. Haines and Ernest K. Johnstone.

Assistant surgeons of volunteers with the rank of captain—Ralph S. Porter, Charles M. Galbraith, Joseph L. Sanford, Robert E. Williams, James B. Cutter and William S. Block.

The appointment of John G. Capers will be a great surprise to the residents of that state, although rumors of it have been afloat some time. Capers will succeed Abial Lathrop, the present district attorney for South Carolina. Capers is at present an attorney in the department of justice in this city. He has been in the department about eight years, having come here from South Carolina during the Cleveland administration. In 1896 he refused to support Bryan for president and again worked against the Democratic candidate in 1900. He never has aligned himself fully with the Republican party, however.

Mr. Lathrop was appointed four years ago upon recommendation of E. A. Webster, the Republican national committeeman from South Carolina. It is understood no charges were made against Lathrop.

PERRY IN TROUBLE.

He Is Said to Be an Escaped Convict from Huntsville Penitentiary.

New York, April 15.—William A. Perry, alias George Weeks, 52 years old, an escaped convict from the Huntsville prison, Huntsville, Texas, was arrested in Yorkville Sunday charged with passing a worthless check on Mrs. Annie DeBoyce of this city. Detective Sergeant Mahoney in arraigning the prisoner before Magistrate Seller, said:

"This prisoner is not alone a forger, but a bigamist. I have his two wives in court, but both marriages took place out of this state. He also escaped from Huntsville prison in September, 1892, where he had been sentenced for two years on a charge of forgery."

The two wives in question were Miss Minnie May Collier, whom he married under the name of Perry, on March 29, 1887, in Bell County, Tex., and Hannah Nash, of Doylestown, Pa., whom he married on May 18, 1900. He married the latter under the name of George Willis Weeks at Atlantic City.

Magistrate Zeeler held Perry in \$1500 bail for examination.

WANT AMERICAN POLICE.

Chinese Plead With Chaffee to Let Them Remain at Pekin.

Pekin, April 15.—Li Hung Chang has asked General Chaffee to leave behind when he departs, Captain Tilling and a sufficient number of men to police the Chinese city, as the Chinese earnestly desire their retention, fearing the district will not be well looked after when controlled by other foreigners.

An expedition consisting of 5000 German and 3000 French troops will leave for Pao Ting Fu to drive from that province several thousand Chinese who refuse to obey the order of Li Hung Chang to keep to the boundaries already arranged.

Weeks May Succeed Lehans.

Fort Worth, Tex., April 15.—It is understood here that W. W. Weeks, general agent of the Kansas City Union Stock Yards company, headquarters at Fort Worth, will succeed John F. Lehane as general passenger agent of the Cotton Belt in Texas. The appointment probably will be made in Kansas City, to be effective May 10. Mr. Lehane will continue to act as general passenger agent until his successor takes charge. Mr. Weeks was formerly general live stock agent of the company and resigned about a year ago to go with the Kansas City Union Stock Yards company. Mr. Lehane has assumed charge of the duties of general freight agent at Tyler.

Markets Reported Again.

Chicago, April 15.—After several months of interruption the board of trade quotations showing price movements of speculative grains and hog products were sent out by telegraph companies today. Where desired, quotations are continuous but customers are bound to do their utmost in keeping figures from bucket shops. Resumption of service caused no noticeable increase in the volume of business here, and the early market being dull rather than otherwise.

Killing in Kentucky.

Middlesboro, Ky., April 15.—John Martin shot and killed West Turner, aged 22, son of one of the old Turner feudists, at Martin's saloon. The saloon was shot full of holes a short time after Turner was killed by unknown parties, supposed to be Turners. Martin has closed his place, but has not been arrested.

Chicago Publisher Dead.

Chicago, April 15.—A telegram has reached here announcing the death at St. Augustine Fla., of General A. C. McClurg, head of the publishing house of A. C. McClurg & Co.

Martinelli a Cardinal.

Rome, April 15.—At the consistory, Archbishop Martinelli, papal delegate in the United States, was made a cardinal. Eleven other cardinals were created.

Monsignor McMahon Dead.

Washington, April 15.—Monsignor Joseph McMahon died at the Catholic University here, aged 84.

PATRICK'S CASE.

Prosecution Finishes its Evidence Except One Man.

New York, April 11.—Lawyer Albert T. Patrick, charged with having caused the death of William Marsh Rice, the Texas millionaire, will soon know whether Justice Jerome will hold him to await the action of the grand jury on the capital charge.

The first witness was William J. Kinsley, an expert on handwriting. The witness was handed several checks paid by Swenson & Co., and signed by William M. Rice, and then was handed the 1900 will and checks for \$25,000 and \$65,000 drawn on Swenson & Co. in favor of Patrick. Kinsley said in his opinion the signatures on the will and on the \$25,000 and \$65,000 checks were not written by the person who signed the checks presented by the prosecution as bearing the genuine signature of William M. Rice.

Assistant District Attorney Osborn handed the witness the assignment of the Fifth Avenue Trust company what is known as the "cremation letter" and Kinsley said:

"I have already compared the signatures on the papers with the admitted signature of the late Mr. Rice and I say in my opinion, they were not written by the same person." Defendant's counsel, Moore, then asked witness if he had any personal knowledge of the handwriting of Mr. Rice other than that certain signatures were shown him as being in Rice's handwriting, and the expert replied he had not.

David E. Carvel, another handwriting expert, corroborated Kinsley's testimony. Assistant District Attorney Osborne then said the prosecution rested its case until Prof. Withers, the anatomist, could appear. Withers was not in the court and a recess was ordered pending his arrival.

ANOTHER OLD SABER.

It Will Be Returned During Confederate Reunion at Memphis.

Chicago, April 11.—An old Confederate cavalry sabre, a relic of the civil war which was taken from General Forrest's chief of staff at the battle of Selma, Ala., by J. P. Hildreth of the Chicago board of trade battery, will be returned to the original owner, if alive, or to his family if they can be found, at the Confederate reunion at Memphis, Tenn., in May. The sword is carefully packed away at the residence of Mr. Hildreth and has never left his possession since it came into his hands nearly 40 years ago.

Mr. Hildreth, who is a member of the U. S. Grant Post, No. 28, Grand Army of the Republic, is spending several weeks' vacation at Hot Springs, Ark. Before his departure, however, he communicated to Colonel R. B. Snowden of Memphis and T. B. Neal of Atlanta his desire to restore the saber to the officer from whom it was taken, and an inquiry has been set on foot among former Confederate officers to trace the owner.

Root Shortens His Name.

Warrensburg, Mo., April 11.—Charles Erwin was shot and mortally wounded by his father-in-law, Frank Adams, at Fayetteville. His son-in-law, Erwin, and two other young men came to Fayetteville, got drunk and attempted to take the town. They were on horse back and rode over to Adams' store and attempted to ride into the building when Postmaster Adams stopped them. His son-in-law dismounted and assaulted him, throwing him to the floor, when Adams shot.

More Filipinos Surrender.

Washington, April 11.—The war department has received a cablegram from General MacArthur announcing that Colonel Arcos surrenders at Castillejos Wednesday 335 soldiers, 12 officers and arms. This is the surrender of Colonel Alva at Orangapao on April 8, with 13 officers, 394 men and 82 rifles, frees Battalion and Zabales provinces of insurgents.

Standard Wants the Product.

Beaumont, Tex., April 11.—C. F. Lufkin, D. Oday, C. N. Payne, F. H. Ollphant of New York City and J. S. Culiman of Corsicans, officials of the Standard Oil company, arrived here on a special train to confer with the oil producers here over the proposition to sell the product of this field to the Standard company.

Over Four Thousand Immigrants.

New York, April 11.—Four Transatlantic steamers that have just reached this port brought an aggregate of 4178 immigrants. The Tartar Prince from Naples brought 1040, the Majestic from Liverpool 797, the Frankfort from Bremen 1746, and Westerland from Antwerp 593.

Turkey Raises Money.

Berlin, April 11.—The Frankfurter Zeitung prints a special dispatch from Constantinople, which says that the Turkish government has raised a loan of \$200,000 from the Ottoman bank to settle the claims of the Cramps and the Krupps.

Loomis Reaches San Juan.

Washington, April 11.—The Scorpion with Minister Loomis of Venezuela on board has arrived at San Juan, Puerto Rico. Mr. Loomis will leave at once for New York on a passenger steamer.

Potsdam, April 11.—Emperor William at noon today unveiled the equestrian statue erected in honor of Emperor William I.

King Otto Again Ill.

Berlin, April 11.—King Otto of Bavaria has again suffered from severe hemorrages of the kidneys and violent spasms.

J. PETER SMITH DEAD.

He Was Father of Fort Worth and Most Prominent Citizen.

Fort Worth, Tex., April 11.—A telegram received here states that Colonel John Peter Smith died in St. Mary's hospital, St. Louis, this morning and the remains will be brought here for interment. He was the father of Fort Worth, one of the best known men in the state, and was nearly 70 years old. He had been prominent in every enterprise for the city's good since the foundation of the town.

Mr. Smith came to Texas in 1853 from near Lexington Ky. During the civil war he was under Colonel William Steel, Sibley's brigade. He was promoted colonel of the regiment which disbanded on the Trinity river in Navarro county. He had been prominent in politics, mayor of Fort Worth three times and connected with every railroad enterprise since the Texas Pacific advent. He leaves a wife and five children here.

MONUMENT VANDALS.

They Do Great Damage to Monument of Hendricks at Indianapolis.

Indianapolis, April 11.—Vandals did serious damage to Thomas A. Hendrick's monument in the state house grounds some time Wednesday night. One of the granite ornaments, weighing about 100 pounds and surmounted by a heavy piece of bronze, was broken from its base and thrown to the ground; the bronze shield, crossed with a piece of bronze representing a laurel leaf, was forced from its place high up on the monument and carried away, and the scales which the figure of Justice held in hand were stolen.

This is the most serious damage that has been done to state property. The custodian is of the opinion that the bronze was taken to be sold.

Mysterious Robbery Solved.

Sedalia, Mo., April 11.—The mystery surrounding the theft of the \$10,000 in greenbacks from the Bank of Commerce of this city on Aug. 1, 1898, has been cleared by a convict named Freeman in the Michigan City, Ind., penitentiary. His story has been corroborated by the chief of police of this city. According to Freeman, the theft was committed by Irwin Gamble, who entered the vault of the Bank of Commerce at noon and got away with the money while he watched outside. At Emporia, Kas., Gamble ran away with \$9000 of the money.

Root Shortens His Name.

Washington, April 11.—In order to economize time and physical effort, Secretary Root has reduced his official signature from "Elihu Root" to "E. Root." Up to this time he had signed his full name to all official documents requiring his signature, but they became so numerous that he has found it necessary to reduce his signature to the smallest possible limit. His experience is the same as that of every other public official of this government.

Insurgent General Made Governor.

Iloilo, P. I., April 11.—General Martin Delagado, chief insurgent commander in the island of Panay until his surrender in January, has been appointed governor of the province of Iloilo. Judge Taft's announcement of the appointment was greeted with shouts of enthusiasm from delegates and spectators. The province contains nearly half the population of the island of Panay, estimated at 1,000,000.

Attempt to Blackmail a Banker.

Huntington, Ind., April 11.—After receiving three letters within two weeks demanding that sums ranging from \$75 to \$5000 be left at stated places, Enos T. Taylor, president of the Citizens' bank, authorized the statement that he would pay no attention to such blackmailing schemes, and that all such communications will be handed to the police.

Three Consuls Appointed.

Washington, April 11.—The president has made the following appointments: Robert P. Skinner of Ohio, consul general at Marseilles, France.

Oliver J. D. Hughes of Connecticut, consul general at Coburg, Germany.

Francis B. Gessner of Ohio, consul at Zittau, Germany.

Two to Ten Feet of Snow.

Colorado Springs, April 11.—Pikes Peak region is buried from 2 to 10 feet deep. Cripple Creek district is blocked.

CHINESE INDEMNITY.

French Want to Bring in Missionary Claim With Military Claims.

Washington, April 11.—In discussion of the Chinese indemnities going on at Pekin and also at various foreign capitals it has been developed that the French government is desirous of looking after, not only those claims of distinctly national character relating to France and French subjects, but also the extensive claims of Catholic institutions and missionaries. In making known this desire, French authorities have made it clear that they look upon the non-military claims as quite as worthy of consideration as those connected with the equipment of military expeditions.

The extent of these depredations to Catholic persons and property in China, is said to be very large, owing to the number of Catholic missions maintained throughout China. It is said by some that 30,000 persons directly and indirectly connected with the missions, many of them native converts, have been killed or injured during the course of the disturbances. Besides this much property has been destroyed and damaged.

Cashier in Trouble.

Vergennes, Vt., April 15.—Cashier D. H. Lewis of the Farmers' National bank of this city has been arrested on a charge of misappropriating the funds of the institution. The bank is not open for business.

SUNDAY, APRIL 21, 1901

Good morning; have you bought any oil stock?

Michigan has taken a backward step in passing a bill legalizing prize fights.

Aguinaldo has issued his address and it is now up to the Filipinos to lay down.

The mayors' convention at San Antonio reached the conclusion that cities should own electric light plants.

The Beaumont oil boom is said to be greater than that caused by the gold discoveries which sent the name of California echoing round the world.

At the rate oil companies are being organized they will have to begin importing stockholders soon. The raw material in Texas will soon be exhausted.

The state oratorical contest was won by Mr. John E. Green, Jr., of the Southwestern University of Georgetown. Young Green is a son of Rev. John E. Green of Houston, who is well known here.

HOME.

[By Rev. George Stuart.] Kind friend, you've come into a home,

That God has built and blessed, You are welcome here, put off restraint.

And take a home like rest. The comforts that are ours, are yours, Do as you'd do at home, Choose your retiring and rising hours And the time you go and come.

We make but one request of you, Where e'er you stay or roam, Love and serve the God who gave To us and you this home.

In the death of Col. A. H. Belo American journalism has lost one of its most successful leaders. He was a man who made his own way step by step, and the success the Galveston-Dallas News has achieved is a monument to his untiring, persistent and ably directed efforts. "He builded better than he knew," for the usefulness of the News as a factor in the development of Texas is just beginning to be appreciated and its labors will continue with greater fruition in the new century of progress and development.

The decision of the Supreme Court of the United States, holding invalid divorces granted in the State of North Dakota, where the residence was not bona fide, has been as depressing in some places as a dry hole in an oil boaring enterprise. In hundreds of cases both parties to a divorce proceeding have married other persons and even have children by their second marriages. In such cases the consternation and woe are beyond description.

The Minnesota legislature has passed a bill to prevent the marriage of what are known as degenerates, and it is reported that the governor will sign it, making the bill a law. If this is done an opportunity will be given to test the efficacy of such laws in regulating marriage and improving the human race. The strength of the sentiment in favor of such a regulation in Minnesota can be judged by the fact that the vote in the senate was two to one in the bill's favor.

THE LAND LAW.

Governor Approves the Act Passed by the Last Legislature.

Austin, April 20.—The governor has approved the general land bill, and upon its becoming effective the land it places on the market will be sold differently from the present method.

At present the remittances are made direct to the state treasury. Under the new bill the application and money will be given to the county clerk of the county in which the land is situated. That official will make a record of the application, indorse the time of its delivery and forward the same to the general land office. The clerk will then forward to the state treasury the money paid in, together with a description of the land. The treasurer will issue instructions in accordance with the change.

The following bills were also approved:

The Galveston grade raising measure. An act making it a penalty to willfully or wantonly kill, maim, wound, disfigure, poison or cruelly and unmercifully beat or abuse any horse, ass, mule, cattle or sheep, goat, swine, dog, or any other domesticated animal, or mocking bird or any other domesticated bird.

An act providing for the manner of appointing deputy marshals in cities and towns.

An act relating to appeals from the judgments of justices of the peace and other inferior courts to the county court.

An act relating to the empounding of estrayed live stock.

The following bill will become a law without the governor's signature:

An act prohibiting the shooting, hunting or killing of wild ducks, wild geese or other wild, aquatic fowl at night in Harris, Jefferson, Galveston, Brazoria, Matagorda, Nueces, Aransas, Refugio, Lavaca, San Patricio, Cameron, Hidalgo and Calhoun counties.

Young Girls Fight.

Paris, Tex., April 20.—At a country church in Delta county, two young ladies had a fight in the church just after the congregation had been dismissed. The next day two of the male relatives met at the postoffice and one of them was knocked in the head with a scoop handle and rendered unconscious. Another person took sides and hurled a monkey wrench which struck a bystander. A number of complaints were filed and both the young ladies paid fines on the charge of affray.

Oil Found Near Eddy.

Eddy, Tex., April 20.—A high grade of lubricating oil has been discovered near here. A company has been formed and the contract let for sinking a well. The company has 5000 acres leased and has secured all lands necessary for a pumpjack station and pipelines to Eddy. Real estate has already increased in value here.

Election at Pittsburg.

Pittsburg, Tex., April 20.—E. A. King was elected mayor of this city by a majority of 123 over J. W. Hill. The mayoralty race on April 2 resulted in a tie between C. G. Davis and A. S. Zachry. In order to avert factional feeling in the city both withdrew in favor of E. A. King. J. W. Hill afterwards announced for the office.

Killed His Sister.

Huntsville, Tex., April 20.—News has reached here of the accidental shooting of the 3-year-old child of a Mr. Vaughan living six miles east of Dodge. An older brother was cleaning a Winchester rifle when it was discharged, the ball entering just above the hips and passing entirely through the body, death resulting in a few hours.

Green Won the Contest.

Georgetown, Tex., April 20.—The oratorical contest between representatives of the principal colleges of Texas which occurred here Friday night resulted in a victory for J. T. Green of the Southwestern University, Georgetown, subject, "A Splendid Failure."

Has Found Traces of Oil.

Cleburne, Tex., April 20.—L. W. Chase, who is boring a well near the center of this city, stated that he struck traces of oil at a depth of 436 feet. The drill will be sent down to a depth of over 1000 feet.

Texas Mayors' Conference.

San Antonio, April 20.—At the mayors' conference here Friday a resolution was adopted favoring municipal ownership of electric light plants. Corsicana was selected as the place for the next meeting.

Burned to Death in Prison.

Morgan, Tex., April 20.—The town marshal locked George Holt up in the calaboose. He set fire to the building, for some unknown purpose, and was burned to death.

Given Seven Years.

McKinney, Tex., April 20.—Will Duckworth was convicted here on a charge of criminal assault and given seven years in the penitentiary.

Strike Becoming Serious.

San Antonio, April 20.—The strike situation in this city between the contractors and carpenters is assuming a serious phase.

To Meet President McKinley.

El Paso, Tex., April 20.—Governor Ahuamada of the state of Chihuahua, Mexico, Governor Otero of New Mexico and Governor Murphy of Arizona will be in El Paso with their staffs to attend the reception of President McKinley and party on the May 5. Arrangements are being made for a Grande affair.

PARKS & WALDROP, MENS' OUTFITTERS.

WILL BE OF BENEFIT.

England's War Taxes Will Help Some American Industries.

Washington, April 20.—England's taxes, imposed to meet the heavy charges growing out of the Boer war, may prove beneficial to American exporters. It is not believed that the import duty to be imposed on sugar will affect the trade with the United States and the United Kingdom in away. Experts of the treasury department, however, believe that the United States will profit to some degree by the imposition of the export duty of 1 shilling per ton on the coal shipped out of the United Kingdom.

The products of the American coal mines have been gradually making their way into new markets for several years past and it is believed that in many places the present margin of cost in favor of British coal as against that from the United States is less than one shilling per ton and that the imposition of this tax, with the consequent increase in the cost of business, will lead consumers to buy American coal. The largest increase is expected in those markets which are relatively nearer to the United States than to Great Britain but some increase may be expected in exports to continental Europe.

The imposition of an import tariff on sugars, with a differential of two shillings and two pence between refined sugars and sugars testing 78 degrees is looked upon here as a step in the direction of protection as it is believed that this differential is great enough to afford considerable encouragement to the British refiners.

This may lead to a reduction in the imports of refined sugar into the United Kingdom, but as refined sugar is not an article of export from the United States American trade will not be affected by this.

The United Kingdom took from the United States last year 202,366,855 pounds of glucose, 2,874,605 gallons of molasses and 8,278,241 gallons of syrup.

It is not believed that the trade in these articles will be affected materially by the tax.

Mr. Gage, the secretary of the treasury, is not disposed to believe that the new taxes will affect the American trade with the United Kingdom to any material degree. He doubts whether the export duty on coal is large enough to give American coal any great advantage in competing markets.

To Meet President McKinley.

El Paso, Tex., April 20.—Governor Ahuamada of the state of Chihuahua, Mexico, Governor Otero of New Mexico and Governor Murphy of Arizona will be in El Paso with their staffs to attend the reception of President McKinley and party on the May 5. Arrangements are being made for a Grande affair.

BETTER BATTLESHIPS.

Some Improvements to Be Made in the Oregon, Indiana and Massachusetts.

Washington, April 20.—With a view to increase their efficiency the navy department is considering the advisability of modernizing the battleships Oregon, Indiana and Massachusetts which may

be equipped with superimposed turrets, if the recommendation of some of the members of the board of construction are adopted. In altering these ships it is desired by the board to remove a most serious defect in their design. The vessels are equipped with circular turrets and when their 13-inch guns are pointed in the same direction they heel to such an extent as to expose their unprotected hull below the armor belt.

Under the plan which will be considered by the board of construction it is proposed to remove the four quadrilateral turrets, accommodating two 8-inch guns each with which each ship is equipped and to install two elliptical 8-inch turrets on top of the 13-inch turrets, thus giving each ship superimposed turrets. Careful determination of the position of the 8-inch turrets will permit a balance which will prevent the heeling now considered so objectionable. The new battery arrangement will permit the addition of a formidable row of six of five inch guns.

The Oregon has arrived at Shanghai en route to Bremerton, Wash., where she will be placed out of commission. The Indiana will be commissioned for the cruise of the naval cadets and the Massachusetts is with the North Atlantic squadron.

Death of James Ridpath.

Spokane, Wash., April 20.—James Ridpath, father of John Clark Ridpath, the eminent historian, is dead, aged 81 years. He was born in Virginia, was well educated and removed to Indiana at 20 years; later moving to Minnesota. He was a member of the first Minnesota state, serving several terms. He was a state senator in Dakota, and a prominent mining operator in the Black Hills. He came to Spokane 10 years ago, living here with his son, Colonel Waltham Ridpath.

Prominent Detective Dead.

New York, April 20.—"Honest Tom" Sampson, detective, army veteran and life saver, died at Mt. Vernon, N. Y. Captain Sampson had 16 medals for meritorious service, a number of them for saving life, 1 being awarded to him by Congress. He aided in the arrest of Mrs. Surratt, Miss Fitzpatrick, Edward Payne and Dr. Samuel Cox, who were charged with being implicated in the plot to assassinate President Lincoln.

Will Not Invade Shan Si.

Pekin, April 20.—Dr. Mumm von Schwartzenstein, the German minister to China, in order to allay the exultation reigning here and doubtless abroad, made the statement which declares the expedition under General von Lessel, now proceeding westward from Pao Ting Fu, does not contemplate the invasion of Shan Si.

THE NEW YORK CAPITALISTS

Coming to Bryan May 4—They Will Spend Eight Hours in the City.

Secretary F. Marion Law of the Bryan business league was advised yesterday morning that the party of New York business men, manufacturers and capitalists who are coming to Texas by invitation of Governor Sayers will include Bryan in the list of Texas cities to be visited. The news came in the shape of a telegram from Mr. Edwin Chamberlain to Gen. H. B. Stoddard. Mr. Chamberlain exerted himself to have Bryan included in the list after the latter was partly made out, and his good offices are highly appreciated by the people of this city. It is desired to have the visitors come in over the Valley Route so they will have a chance to see the Brazos bottom lands and growing crops. They will arrive at 4 p. m. and remain until midnight, visiting College during the interval. The business league will make the necessary arrangements for their proper entertainment.

The visitors are coming to inspect the undeveloped resources of the great gulf state and their visit will doubtless result in the investment of thousands of dollars in various enterprises. It is an opportunity which Bryan cannot afford to miss, and may result in giving us some much needed manufacturing enterprises. Let everybody help to make their visit a success.

The young ladies announced that the Sunday afternoon song service will be held at the opera house from 5 to 6 o'clock Sunday afternoon next, Rev. Jewell Howard leading. All those who were members of the choir at the Stuart meeting and others who desire are invited to be present and assist in the singing.

The Sunday School service at St. Andrews Protestant Episcopal church will begin at 9 o'clock Sunday morning next, the same being the second Sunday after Easter.

PARKS & WALDROP,

Mens' Outfitters.

A lady suggested to the reporter yesterday that Bryan would be a first-rate place to establish a commercial school with branches for shorthand, typewriting and telegraphy. She argued that young men and ladies are constantly going elsewhere for such instruction, and that she herself had three children whom she would like to send to such a school if there was one here. It certainly looks like an inviting field, and the Eagle would like to see the deficiency supplied.

Sheriff Nunn and City Marshal Boyett notified the liquor dealers yesterday that the Sunday law will

hereafter be enforced and their places of business must remain closed from 12 o'clock Saturday nights until 12 o'clock Sunday nights. The same rule applies to the beer agencies.

The druggists give notice that they will close their places of business on Sunday from 9:30 a. m. until 4 p. m., and will close again for the night at 6 p. m., effective to-day. The public will please take notice and be governed accordingly.

AGAINST THE BOERS

Judge Parlane Decides the British Can Ship Horses to South Africa.

New Orleans, April 13.—Judge Parlane in the United States circuit court here handed down a decision dismissing the suit brought by the Boer representatives here to prevent the shipping of mules and horses out of New Orleans to the British army in South Africa.

The judge holds that transactions between citizens of the United States and of the British government were conducted under the order of private citizenship and that the courts have absolutely no jurisdiction to interfere. Horses and mules, the court said, were bought in neutral territory, shipped to and landed in neutral territory.

NEW CANAL TREATY.

Secretary Hay Will First Get Senate to Agree to Ratification.

Washington, April 13.—Negotiations for another canal treaty, in place of the Hay-Pauncefort agreement, which was amended by the senate and rejected by Great Britain, is proceeding along a different line. In order to avoid another possible failure of ratification Secretary Hay has concluded to first consult the ratifying power and then ascertain if it is possible for senators to agree upon a basis of treaty which should be at the same time acceptable to the executive branch of the government and Great Britain. It is realized that unless two-thirds at least of the senate could be brought into the agreement in advance upon the basis of a treaty it would be perfectly useless for the executive to embark in negotiations with Great Britain for the formation of another convention.

Secretary Hay is devoting himself now to ascertaining the feelings and desires of senators and consequently, not having completed this work, he has not begun negotiations with Great Britain for a new treaty.

NEW FIVE-INCH GUNS.

They Show Marked Velocity Over the Best Five-Inch in Service.

New York, April 13.—Remarkable results have been attained with the latest model of 5-inch guns, the test of which is in progress at Indian Head proving grounds. Rear Admiral O'Neil, chief of ordnance, has been informed by Lieutenant Strauss, in charge of the proving grounds that the gun had developed a maximum velocity of 3330 feet a second. This velocity was given to a 50-pound projectile.

The great superiority of the new weapon over the 5-inch gun on the Kearsarge is the maximum velocity attained. With a 50-pound projectile fired the latter the velocity was 2550 feet a second. With a 60-pound shell a ve-

locity of 2990 feet a second has been attained with the latest model. Rear Admiral O'Neil has determined to use the 60-pound projectile.

Fast Stock Run.

Temple, Tex., April 13.—The Katy road is claiming the best record for stock equipments. A train of 11 cars shipped by J. G. Childers, left Temple at 2:08 o'clock Monday, April 8, arriving at Kansas City stock yards at 9 p.m. of the 9th, being only 31 hours on the road.

Morgan's Cotton Mill Combine.

New York, April 13.—No confirmation can be secured here concerning the report from New Orleans and other southern cities that J. P. Morgan & Co. was about to start a cotton mill combine. At the office of J. P. Morgan & Co. no one would talk concerning the report.

RATS SPREAD DISEASE.

Japan Makes a Startling Discovery Concerning These Rodents.

Chicago, April 15.—A world war on rats may be produced by Japan. That nation has been conducting an exhaustive investigation and the conclusion has been reached that the rodents are a menace to human kind.

Consequently, says Dr. Nagusha, who is a visitor in Chicago, the Mikado's government is to appeal to civilization to exterminate the rodents. The rats spread all sorts of contagion while hundreds of thousands of dollars worth of property are destroyed by the rodent each year.

The plague, says Dr. Nagusha, would lose half its terrors should the rats of the world cease to exist. Other diseases would claim fewer victims and the earth would be a safer place for human kind.

Dr. Nagusha, who is a bacteriologist of prominence in Japan, is at the Auditorium Annex. He has been making a study of the plague in Hong Kong, in Bombay, in Japan and in other oriental countries. He was convinced, he said, that rats are the greatest propagators of contagious diseases.

Japan, said Dr. Nagusha, had made an official investigation of the harm done by the rats and the result of this investigation would be brought to the attention of the civilized world. His country is now taking steps looking to the destruction of the rodents. It is proposed to induce other nations to do likewise.

Rats, declared the visitor, served no useful purpose and, besides spreading germs, gnaw their way into hundreds of thousands of dollars' worth of property each year.

"I am aware that I am not advancing a new idea," said Dr. Nagusha, "for bacteriologists and members of the medical profession have long been

aware of the evil which rats work in the way of propagating contagious diseases, but I did not realize the extent of this evil until I came to make my recent investigations in connection with the bubonic plague in the east. I visited Hong Kong, Bombay and other parts of the orient, not to speak of Japan and everywhere I was confronted with the fact that the rats far more than any thing else were the active cause in propagating and spreading the plague.

"Time and again I found that rodents were the active cause of spreading the disease into some new quarter where every ordinary precaution had been taken to prevent the malady. These precautions would have been effective in all probability but for the infected rodents carrying the germs with them."

ANOTHER STRIKE.

Wood Plant of the New Steel Combine Crippled for Workmen.

Pittsburg, April 15.—As a result of a dispute between employees of W. DeWee's wood plant of the American Sheet Steel company, at McKeesport and the company about half of the men are on a strike and the operation of the plant is badly crippled. The cause of the trouble was the recent discharge of seven men, who the men claimed were dismissed because they were members of the newly organized lodge of the Amalgamated association. The event is looked upon as momentous throughout the iron and steel trade of the country from the fact that it is the first conflict between organized labor and the United States Steel corporation, and because of the announced intention of President T. J. Schaeffer, the head of the Amalgamated Association of Workmen, to tie up every plant of the new combine if necessary, to win the fight.

The only underlying companies in the new corporation, whose mills are entirely independent of the Amalgamated association, are the Carnegie interests and the National Tube company.

Strike Still in Force.

Indianapolis, April 15.—The executive board of the United Mine Workers of America, in session here, decided to continue the strike in the bituminous coal fields in Kansas, Arkansas and the Indian Territory. The strike has been in progress more than two years and has already cost the organization an immense amount of money. The board has made provisions for continuing the strike. Families are now being maintained. The strike was declared because the operators refused to grant an advance of 10 per cent but non-union men were imported to take strikers places and were paid the increased demand by the organization.

People Killed Identified.

Vinita, I. T., April 18.—The four people who were run down by the Missouri, Kansas and Texas flyer at Bluejacket Tuesday night, have been identified as John Wilson, Mrs. Ollie Wilson, their infant son and "Slim Jim" Quapaw Indian, the driver Wilson and the Indian were fatally injured. Wilson was a wealthy cattleman.

Two Miners Killed.

Hartshorne, I. T., April 18.—William Gregg and Carl Mireo, Polander miners in shaft No. 1, were killed by a "windy shot." Ben Wolmeski was badly burned.

Two Men Drowned.

Vicksburg, April 18.—Ed Gene and William Mitchell, firemen on the Ohio river towboat James Moran were drowned in the Mississippi river 30 miles above this city. The crew of the steamer were making repairs on the paddle wheel when a half dozen of them were thrown into the water by the breaking of a scaffold, all but Gene and Mitchell were rescued.

She Guesed It.

He was descending with vigor on the exceptional quality of the dinners that are served at one of the fashionable clubs of Brooklyn at a very low figure for a first class meal of Mondays, Tuesdays and Thursdays. Equally toothsome luncheons could be had on other days of the week, but dinners in course only on those days.

"And why on only those three days?" queried the New Yorker, to whom the delights of life in Brooklyn were being rehearsed.

"Wash day, ironing day and the girl's day out," quickly responded one of the ladies of the party. "That's no sort of a conundrum to a woman who has ever had the care of a house. Better try a harder one next time unless you happen to be in a stag party."—New York Times.

All Fish.

Mrs. Thurlow says that Cardinal Wiseman went to dine with some friends of hers. It was Friday, but they had quite forgotten to provide a fast day dinner. However, he was quite equal to the occasion, for he stretched out his hands in benediction over the table, and said, "I pronounce all this to be fish," and forthwith enjoyed all the good things heartily.—"The Story of My Life," by Augustus J. Another Romance Spoiled.

"Tell a good story and stick to it" is an old maxim that is illustrated in a story that is going the rounds along the Rialto. A certain well known actor floated into his home one morning about 2 o'clock. The wife of his bosom was waiting up for him. He told her he had been out all the evening with one of their friends, Charlie B., and then related an interesting fairy story of how Charlie had taken a crowd to supper, how funny Char-

lie had been all the evening, how well Charlie looked in his new suit, how he said this, that and the other. After telling a 15 minute story, to which the gentle partner of his joys and out of work periods listened with respectful attention, but cynical mien, he paused for breath. Then she, in a confident now I've got you tone, said:

"That's a lovely romance you've been giving me, and I hate to spoil it, but Charlie has been here nearly all the evening waiting to see you about an engagement. He left only about half an hour ago."

The teller of the tale looked rather dazed for a moment as if he had been struck. Then quickly gathering himself together he assumed a bold front, with hands in his pockets, head thrown back and, in defiant innocence and emphasizing each word, said:

"Well, that's my story, and I'm not going to change it for anybody."—C'

The Story of a Mean Man.

This is the story of a mean man. He may not be the meanest on record, but he carries a very fair brand of close-fistedness. He had a contract to supply a certain amount of crushed stone.

The machine he used could turn out all the work he could get by running eight hours a day.

The mean man had an engineer who was a genius. The genius went to his employer one day and said he thought he could make some improvements in that machine so it would do more work in less time. The genius was paid by the month.

He worked on the machine for several days, taking it apart and putting it together again. When reconstructed, it proved to have greater efficiency than before, so much so that it did the same amount of work in one minute and a half that it used to take four and a half to do.

The mean man, however, could get no more contracts than before. He could fill all his orders by running about three hours a day. The mean man then went to the genius and said:

"See here, Henry, I've been paying you by the month, but there isn't as much work as there used to be—not enough to keep you busy. I shall have to pay you by the hour after this."

Henry demurred. He had been too faithful, but he didn't think that ought to reduce his earnings over one-half. His employer was firm, however, and Henry resigned.—New York Mail and Express.

National Museum.

The exhibit of the national museum, under the auspices of the Smithsonian Institution, at the Pan-American Exposition will be of absorbing interest. It will display the resources of North and South and Central America, the West Indies and the new possessions of the United States. Representatives of the institution are now gathering an abundance of new specimens.

CORRESPONDENCE.

BENJAMIN.

Benjamin, Texas, April 8, 1901.—It is very dry here now but it looks very much like rain today.

There are no gardens in this country for it is too dry.

Health is very good with the exception of several children that are ill. The infant son of Mr. and Mrs. L. D. Greenwood has been sick six weeks and still has the fever. We hope it will soon recover its health.

Born, to Mr. and Mrs. Ed Branin, a fine girl on March 30th.

The wind blows hard here all the time.

I love to read the correspondence for it is so interesting. I am glad to see so many letters in the Eagle.

GREENS PRAIRIE.

Greens Prairie, April 16.—This portion of the country was visited by two good rains last week which were very much needed, but the cold norther that followed on Saturday was against the cotton.

There has been a great deal of cotton planted over and we are not done yet.

Corn is looking well since the rain, most of us have our corn plowed and thinned.

W. S. Dixon and family, Dutch Williams, Emmet Brunson, John Wilson, W. C. Kincannon, Miss Zaddie Williams and Mrs. Holland and children, all of this community attended preaching at Rock Prairie last Sunday.

Mrs. M. S. Freeman and her mother Mrs. W. T. Wood visited Mrs. John Wilson last Sunday.

Mr. A. B. McSwain and wife were in our community Sunday.

Mrs. T. G. Hamon of Lancaster Dallas county, who is visiting her parents at Millican, Mr. and Mrs. George Hempfing, came up and spent a few days with her cousin Mrs. W. S. Dixon.

Mr. W. B. Eidson and wife and sisters, Misses Laura, Ella and Eula spent the evening with W. S. Dixon and family last Saturday.

Messrs. Dutch Williams, John Wilson and Will Dixon went to Bryan last Sunday night to hear Rev. George Stuart preach.

Mrs. Cora Williams and children visited Mrs. E. Gandy of Rock Prairie last Sunday. Hanks.

MILILCAN.

Millican, April 16.—Mr. J. R. Stranghan came down from Ennis Monday and joined his family here and they took the train that night for Hempstead to prepare to move to Ennis where they will make their future home.

Miss Alice Dunlap returned to Bryan Wednesday.

T. L. Williams returned to Ennis Tuesday.

Several of our citizens attended the meeting in Bryan the past week.

LEONARD SCHOOL HOUSE.

Leonard School House, April 12.—As I haven't seen any news from this part of the world, I will give a few dots.

The health of the neighborhood is good.

Mr. Henry Sowell has been nursing a pet for about two weeks—a bone felon on his finger, but it is better now.

The farmers were blessed with a fine rain that was needed very much to bring the cotton up.

Cotton planting is about over and some few have plowed their corn.

There was an election at the school house last Saturday to elect trustees for the school.

Mrs. Eddie Meekins and child visited Mr. and Mrs. Robert Francis on Friday of this week.

Well, if I see this in print I will come again. Success to the Eagle and its readers. Ram's Horn.

COTTONWOOD.

The farmers in this part of the world are progressing nicely with their work, although I hear some saying their cotton is dying as fast as it comes up. They think that the cold weather is killing it.

The debate Saturday night was enjoyed by all that attended. It was the best yet. Hurrah for the boys. We will soon have some Daniel Websters amongst them if they keep on improving.

Wheeklock has challenged Cottonwood for a debate Friday night the 26th inst. Everybody invited.

Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhoea stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cured Miss Garlen will certainly help you.

Wine of Cardui

Rockford, Tenn., Aug. 18, 1899.
I have suffered from womb trouble for five years. Last spring a year ago I had a severe attack and spent \$52 to one doctor, and he said he had done all he could for me. I had given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get Wine of Cardui and Black Draught. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health. Miss S. E. GARLEN.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

LION COFFEE

A LUXURY WITHIN THE REACH OF ALL!

A Tablespoonful to a Cup

IS THE RULE FOR MAKING COFFEE.

BUT $\frac{3}{4}$ OF A TABLESPOONFUL OF

Lion Coffee

will give you stronger coffee than a tablespoonful of any other kind. Here is where you save money!

USE LION COFFEE!

Always insist upon getting it. **LION COFFEE** is absolutely pure, and not a coffee which is glazed or coated with egg mixtures or chemicals in order to hide imperfections.

In every package of **LION COFFEE** you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).

PLEA TO THE FILIPINOS

Aguinaldo Issues His Address to His People.

PEACE IS ADVOCATED

He Urges the Filipinos to Submit to the United States, Declaring There Has Been Enough War in the Islands.

Manila, April 20.—The following is Aguinaldo's address to the Filipino people:

"I believe I am not in error in presuming that the unhappy fate to which my adverse fortune has led me, is not a surprise to those who have been familiar with the progress of the war. The lessons taught with a full meaning and which have recently come to my knowledge suggest with irresistible force that a complete termination of hostilities and lasting peace are not only desirable, but absolutely essential to the welfare of the Philippine islands.

"The Filipinos have never been dismayed at their weakness nor have they faltered in following the path pointed out by their fortitude and courage. The time has come, however, in which they find their advance along this path to be impeded by an irresistible force, which, while it restrains them, yet enlightens their minds and opens to them another course, presenting them the cause of peace. This cause has been joyfully embraced by the majority of my fellow countrymen, who have already united around the glorious sovereign banner of the United States. In this banner they repose their trust and belief that under its protection the Filipino people will attain those promised liberties which they are beginning to enjoy.

"The country has declared unmistakably in favor of peace. So be it. There has been enough blood, enough tears and enough desolation. This wish cannot be ignored by the men still in arms if they are animated by a desire to serve our noble people which has thus clearly manifested its will. So they respect this will and now that it is known to me, after mature deliberation I resolutely proclaim to the world what I cannot refuse to heed, the voice of a people longing for peace, nor the lamentations of thousands of families yearning to see their dear ones enjoying the liberty and the promised generosity of the great American nation.

"By acknowledging and accepting the sovereignty of the United States throughout the Philippine archipelago as I now do and without reservation, whatsoever, I believe I am serving thee, my beloved country. May happiness be thine."

To signalize this important step in the pacification of the country General MacArthur orders the release on swearing allegiance to the United States of 1000 insurgent prisoners.

Comment on the Manifesto.

Washington, April 20.—Especial gratification is felt in administration circles at the unreserved tone of Aguinaldo's manifesto and the full acceptance it indicates of American rule. This, it is felt, will bring to the support of the government many Filipinos, who, wishing for peace have hesitated to assist the Taft commission.

Aguinaldo, now that he has accepted American sovereignty probably will be given considerable more liberty than he has enjoyed hitherto. His services will be used as far as possible in the pacification of the islands.

Two Regiments to Sail.

Manila, April 20.—General MacArthur and General Bates, the commander of the department of southern Luzon, who is shortly to sail for the United States reviewed the Fortieth and Forty-sixth volunteer infantry, which will sail for home on the transport Sheridan on Monday next.

During the past week 288 rifles have been surrendered.

The extent of the commissary irregularities is not yet defined, but is possibly smaller than at first supposed.

Turkey's Silk Factories.

Washington, April 20.—Consul Norton at Harpoort, Turkey, in a communication to the state department, says the establishment of a new silk factory at Mezreh is in contemplation and that the persons interested desire the equipment to come from the United States. The consul says that the silkworm is largely cultivated in that section of Turkey and that there are two silk factories in operation. One at Mesreh and the other at Harpoort.

Presidential Appointments.

Washington, April 20.—The president has made the following appointments:

State—Samuel T. Stapleton of West Virginia, to be consul of the United States at Nueva Laredo, Mex.

War—Howard A. Grube to be assistant surgeon of volunteers with the rank of captain.

Mexico's New Officer.

City of Mexico, April 20.—Justin Fernandez, a well known lawyer of this city, has been appointed minister of justice and education. He is 72 years of age and a prominent member of the Liberal party.

To Have an Exhibit.

Little Rock, April 20.—The house Friday passed the senate bill appropriating \$30,000 for an Arkansas exhibit at the Louisiana Purchase exposition of 1903 in St. Louis.

Want New Contracts Exempt.

London, April 20.—Taken as a whole, the comments of the country on the proposals of the chancellor exchequer in the budget statement presented Thursday cannot be regarded as unfavorable. The outstanding feature of the public's reception of the budget is the outcry from the coal districts, and in a lesser degree, from business affected by the sugar tax. In the coal centers the export duty is regarded as confirming the idea in some radical quarters that the government is riding for a fall, but the well informed consider it possible the chancellor exchequer can be induced to exempt from the new duty all contracts made prior to Friday, thus relieving the pressure on the middle men who have bought or sold coal for future delivery.
